Exchange isn't a year in your life, it's a life in a year...

Dear Parents

Greetings from the School!

We at Delhi World Public School Noida Extension have always focused to align educational beliefs and values among our students by developing a sense of universal responsibility in them. Our vision is to provide international learning opportunities to students to facilitate them to accept and understand the world that is a cauldron of composite cultures and community perspectives. It is through the International Exchange programmes that the School emboldens students to discover new ways of adaptability and learning to be able to be a part of the global world. These programmes provide students with an exposure to become aware of multi-faceted approaches to learning and living. Students develop adaptability to embrace foreign cultures and promote liberal-mindedness. Keeping this in mind, our institution is proud to announce a **STUDENT EXCHANGE PROGRAMME** in which our students will host French Students from a highly reputed and prestigious school-**Lycee Sainte- Marie Bastide Bordeaux, France** who will visit us from **7th April- 18th April 2019**. The host families of our school will be responsible for their comfortable and pleasant stay for 3 to 4 days as they will spend rest of the days in their educative and fun excursions. The Indo-French Students Exchange programme will not only help to spread the message of universal brotherhood but will also help the students to discover new world, explore, experience, exult and serve as a vibrant platform for showcasing our rich cultural heritage to the French students. Interested students may duly fill the consent form and send it to the Class teacher latest by 13.12.18 which will be followed by screening with the Principal and the Coordinators of the Programme.
